

## Southern Ridge | **Capability Statement Copy**

### **Company Overview**

At Southern Ridge Electrical, our high quality electrical services span across commercial construction, commercial maintenance and residential construction projects with an uncompromising commitment to safety, on-budget and on-time project deliveries and excellent customer service. Whether it's a new construction project (commercial and residential) or ongoing industrial electrical maintenance management, Southern Ridge Electrical offers quick turnaround times, short notice availability and bespoke electrical solutions for all your commercial needs. No matter the size or complexity of your commercial project, we take great pride in offering expert advice and utilise the latest technology and equipment to solve electrical needs and issues. All our work is completed to the highest industry standards through our vast experience in electrical installation, design and repair projects in the commercial sector.

With over 10 years experience, we have extensive expertise across a vast variety of industries, including government, education, health and aged care, retail, sports and recreation sectors.

Together we all work towards one common goal, to provide the highest standards of workmanship and expertise to achieve safe working procedures and outcomes compliant with latest regulations.

## **Capabilities**

#### *Commercial Maintenance*

To avoid operational downtime and lost productivity due to electrical malfunctions, a specialised skill set and expertise is required to deliver strategic electrical solutions for your business. This is exactly where Southern Ridge Electrical excels. We understand that your business is your livelihood and we take that responsibility very seriously. Known for our short-notice availability, reliable service offering, and our extensive expertise in the industry, we have become the trusted commercial maintenance contractor in the Gippsland and South Eastern Suburbs. It's our commercial electricians' meticulous attention to detail, prompt response time and can-do problem solving attitude that ensures we exceed expectations every time. Our commercial maintenance services include:

- Commercial Safety Systems
- Commercial Lighting
- Electrical Fit-Outs
- Security Systems for Businesses
- Commercial Data and Communications
- Electrical Troubleshooting
- Basic Electrical Work
- Test and Tag Services

## **Residential Experience**

### Residential/Domestic Construction

Having worked with some of Victoria's leading residential builders, we at Southern Ridge Electrical understand the pressures and requirements of the building process of domestic homes. We specialise in providing expert advice on all types of custom electrical plans for residential homes, assist in the selection of functional, yet aesthetically pleasing fitting solutions as well as a wide range of safety-focused installations of electrical services and appliances.

We work closely with your clients and you as the builder to provide both parties with the best outcome. Our unwavering commitment to finding the best, safest and most reliable solution for your client is at the forefront of everything we do. It's our excellent customer service and ability to communicate clearly and reliably with all parties involved, that differentiates Southern Ridge Electrical from other residential construction contractors. Our residential/domestic services include:

- Project Management
- Site Management
- House Wiring
- Custom Lighting Plans
- Indoor and Outdoor Lighting
- Switchboards and Safety Switches
- Smart Home Wiring
- Home Security
- Antenna Installation

## Management Systems

### *Safety Management*

Our safety orientated work culture is embedded in everything we do. We strive to improve safety performance with every project through our proactive safety policies that are reviewed on a regular basis. We are dedicated to accident prevention, hazard control and injury protection and implement weekly safety meetings to safeguard the health, safety and welfare of all aspects of our work. Providing a safe workplace, means we conduct regular safety audits and inspections on site to ensure the safety of all employees, buildings and the general public are in compliance with the regulatory standards.

### *Quality Assurance*

Our comprehensive quality control program ensures that our clients receive an outcome beyond their expectation delivered with the highest level of customer service. This is achieved through our commitment to honest and meaningful communication combined with our expertise and carefully refined processes. Daily risk assessments and regular quality audits are implemented to identify, review and monitor any aspects that may pose a potential risk. With this process in place, we reduce quality issues and minimise complications through early detection to make sure your project is completed on time and to the highest quality standards. We provide a 12 month warranty on all commercial installations as a guarantee of our high quality work.
